

WASCA

FASTENERS | DISC SPRINGS | ENGINEERING | ASSORTMENTS

The superior way to ensure a long term vibration proof environment for just about any bolt or threaded application.

Used in Automotive, Railways, Marine, Thermal & Wind Power, Construction, Mining, Agriculture, Earthmoving Equipment and Food Process Industries.

- o Eliminate the need to use adhesives.
- o Reusable unlike many lock nut systems.

- Quick and easy to install and remove with standard tools.
 - No retightening needed.
 - Secures fasteners at both high and low preloads
- Are manufactured to DIN 25201 in Spring Steel - 48 HRC and Stainless Steel 316
